Subject: August trout stream sampling schedule

Hello,

Below is our trout stream sampling (electrofishing) schedule for August. So far (knocking on wood!!), we have been very fortunate with dry weather and no postponements, hopefully our luck holds out in August. We always appreciate the extra hands to help with our sampling, but even if you just want to come to watch, that is fine too. **If you are planning to come on a given day, please let me know ahead of time, as it helps me to know if we will have enough people.**

Meeting location maps are attached

Tuesday August 2nd - Lime Lake Outlet. Meet at 9:00 AM at the DEC angler parking area on Mill Street in Delevan. The first creek you cross after turning off Rt 16 is Elton Creek, so keep going over the hill to LLO. *Note, we will be doing a hotdog cookout that day for anyone that wants to participate.*
